

Mysat Greek is a direct service from Greece to Australia and New Zealand . Our aim is to provide a quality low cost reliable service to the many Australian and New Zealand Greek speakers.

**Antenna , Alpha , Greek Cinema , Sport Plus , ERT1 and 4E** are transmitting through the Satellite of Intelsat 19 or Pas 8 Ku on the following frequencies:

Freq: 12726 – Symbol Rate: 28066 – Pol: Horizontal

To be able to view our channels you will require a 65cm KU Band Dish, an IRDETO Set top Box and a smartcard.

If you have a dish installed then you only need to purchase the compatible Set Top Box and the Smartcard from Mysat

If you used to subscribe to UBI or Selectv there is no need for you to re-align your dish, however if you used to watch ERT on Optus D2 then you will need to re-align your dish.

If you need your dish re-aligned to IS 19 / Intelsat 8 then you will need to contact an installer and arrange for a re-alignment. If you do not have any existing equipment again you will need to contact an installer and organise a full installation. Installation charges will be applicable.

**Kindly note:** There is an initial one off smart card fee of AU \$30 .

The monthly subscription fee is **\$35.00** (incl. GST) plus handling fees and the minimum payment required in advance is for **3 months**. Method of payment is by direct debit.

## **EXCLUSIVE DEAL FOR A LIMITED TIME ONLY**
